VOTE

VOTING IS WHAT MAKES US ALL UNIQUELY AMERICAN.

It's important that we all are able to vote. In fact, it's a civic duty. If you have a disability or need assistance, we're here to help.

Every Arizona polling location is required to have an accessible voting machine with professionals ready and willing to assist you. Regardless of your disability, voting has never been easier.

THE FACTS

- All polling places have voting machines with touch screens, movable keypads and headphones that permit voters to cast a ballot without assistance.
- If you can't make it to a polling place, you can vote by mail by requesting an early ballot. To do so, contact your local County Recorder's office.
- Curbside voting also is available. An election official can meet you at your car with the appropriate materials and provide any assistance you require.
- If you can't get to a polling place, election officials can even bring the ballot to you – ensuring the right to vote for all eligible Arizonans.
- Technical assistance is available at all polling places.

ON ELECTION DAY

Please give your full name and place of residence and appropriate identification document(s) to the election official in charge of the signature roster. The election official will provide a ballot that you will use to cast your vote or show you to a touch-screen machine.

Once you have received your ballot, go to the next available voting booth to cast your vote. Follow the instructions and mark your ballot to reflect your choice.

Ask for assistance if you are physically unable to mark your ballot. An accessible voting device will be available in every polling place.

If you desire, two election officials of different political parties may assist you in casting your vote by:

- Reading you the text that describes the ballot measure
- Asking for your response to the ballot measure that reflects your choice
- Marking your ballot correctly

Neither of the election officials who assist you is allowed to influence your vote. If you accidentally spoil your ballot, present it to the election judge and you will be provided a fresh ballot.
